

WE HARVEST THE WIND™

Name: _____ Date: _____

Project Site Address: _____

Phone: _____ Email: _____

My goals with installing a wind turbine are (Please check all that apply)

- Align my values with the energy I produce and use
- To stabilize my energy costs over a long period of time
- To achieve or partially achieve energy independence
- To advertise and/or enhance my organization's image
- To create a positive long-term investment (5-25 years)
- To achieve a significant short term ROI (within 10 years), regardless of the long-term returns

12 months of utility bills are required to evaluate the costs being offset by a wind turbine. Do you have 12 months of utility bills available to share with your Wind Specialist?

The name of my utility provider is _____

Do you have 3-phase power? yes no do not know

Do you know the zoning on your property? yes no

If so, what is the zoning of your property? _____

My wind turbine will be used for the following application:

- Residential Agricultural School or University
- Municipal facility Commercial/Industrial Government

My proposed project location is on approximately _____ acres, and I would describe the area that is within a 1000 ft. of my proposed site as (check all that apply):

- on a hill on mostly flat land in a depression
- smooth, hard ground, lake or ocean (no buildings, trees or obstructions)
- short grass or tilled ground (no buildings, trees or obstructions)
- mostly level country, foot high grass, occasional tree
- tall row crops, hedges, a few trees many trees and occasional buildings
- wooded country, small towns and suburbs urban area with tall buildings

The height of the trees within a 1000 ft. of my site is approximately _____ ft. tall

Do you have any particular concerns with wind turbines or your project specifically? _____

My budget is \$ _____ Will you require financing? yes no maybe
